                                      F#
I remember the rain on the roof that morning
           C#/F
                      D#m
And all the things that I wanted to say
The angry words that came from nowhere
             F#
without warning

That stole the moment and sent me away
                                        В9
And you standing there at the doorway crying
     B9/G#
                     (C#7)
And me wondering if I d ever be back
       F#
I said I didn t come here to leave you

I didn t come here to lose
