COUPLET:

F#m D

Stuck in a moment, electrifying

Feels like I m flying, straight in to space

And I hear my heart beat, almost exploding

F#m

Energy s floating, in to this place

(F#m) D

She s like a rocket, takin me higher

Set me on fire, feeding my flame

She s like a river, I need to follow

Distant apollo, calling my name

PRE-CHORUS:

F#m D

Like a butterfly, she opens up, I could almost cry

With every move she makes in front of me

F#m

She fills me up like the sun in june , she s floating free like an air balloon

A mystery of love and energy

CHORUS:

Cause I m feeling so alive and I m about to fly

F#m

And I can trace it all, like an eagle in the sky Α

Yeah I ${\tt m}$ feeling so alive, like I never felt before

F#m

A hurricane of love, about to hit the shore

Α

Cause I m feeling so alive

I m spinning in circles, finding the right track Searching my way back, out on my own She s like a beacon, a sunbeam in motion Lights up the ocean, bringing me home

Like a melody, she lifts me up on a symphony
That makes me wanna sway into the sound
She leads the way in a ray of light, she ll trace me down like a satelite
She s poetry in motion in surround
