F# F#/Gb  
Take me back to the day  
Ebm Ebm/D  
In the summertime weâ€™d stay  
B F# C# C#  
On the beach down by the bay

F# F#/Gb  
And in the white sand we would lay  
Ebm Ebm/D  
With our worries far away  
B F# C# C#  
And tomorrow, come what may

B G#m Bbm Ebm  
Take me back to where Iâ€™m from  
B G#m Bbm Ebm  
Memories when we were young  
B G#m Bbm Ebm  
Good times come and good times gone  
B G#m Ebm F#  
Will find a place in the sun

F#, F#/Gb, Ebm, Ebm/D, B, F#, C#, C# x2

F# F#/Gb  
Within a moment  
Â-Ebm Ebm/D  
Eternity  
B F# C# C#  
Has pulled the rug from under me

F# F#/Gb  
Has taken advantage  
Ebm Ebm/D  
And liberties  
B F# C# C#  
Has taken names and played for keeps

B G#m Bbm Ebm

But from the darkness of my mind

B                      G#m                      Bbm                      Ebm

A single thought has come to light

B                      G#m                      Bbm                      Ebm

Like the first star in the sky

B                      G#m                      Ebm                      F#

It leads me through the lonely night

**F#** **F#/Gb**

On a sidewalk

Ebm Ebm/D

By the sea

**B                      F#                      C#                      C#**

A silhouette of you and me

**F#** **F#/Gb**

Like faded foot prints

**Ebm** **Ebm/D**

On the beach

**B                      F#                      C#                      C#**

Like a dream just out of reach

B                      G#m                      Bbm                      Ebm

Take me back to where Iâ€™m from

B                      G#m                      Bbm                      Ebm

Memories when we were young

B                      G#m                      Bbm                      Ebm

Good times come and good times gone

B                      G#m                      Ebm                      F#

Will find a place in the sun
