

Devils Resting Place
Laura Marling

(Intro-Em

(verse 1)

Em G Em7 Em
I woke up one morning to know that I had gone

Em G Em7 Em
Finally taken the step and jumped right off the wall

Em G Em7 Em
When you come to call on me that's why my eyes are glazed

I've been with the devil in the devil's resting place

Am Em Am Em
I am loathed to say that I have been to stay

(verse 2)

Em G Em7 Em
When you ask to drink of me I think hard on the case

Em G Em7 Em
Look down to my hollow cup and take myself a taste

Em G Em7 Em
Bitterness as thick like blood and cold as a wind sea breeze

Em G Em7 Em
If you must drink of me, take of me what you please

Am Em Am Em
I am loathed to say it's the devil's taste

G Em7 Em

I've been with the devil in the devil's resting place

(Chorus)

D Em D Em
Water won't clean you, water won't clean you

D Em
You only hold yourself to the things you do

(verse 3)

Come up here to speak to me and hold your face to mine

Any man can hold my gaze has done his job just fine

You just sold your life away to be with me tonight

Hold your head against my chest, I think you'll be just fine
