

Not Done Travelling

Laura Marling

The whole song is **C** to **G** to **D** to **G**!

C **G**
I took the winter to travel
C **G**
Headed for the road
D **G**
Couldn't bear no sunshine
D **G**
I took off on my own
C **G**
Won't see me till springtime
C **G**
Never see me again
D **G**
I am headed for the east coast
D **G**
To find my wayward friend
C **G**
He likes the mountains in the daytime

..... and continue on

He's fond of the desert at night
I think he likes to be alone
So I curl up at his side
You won't hear a peep from me boy
Never see me again
If I choose to run some
I'd run till the mountains end
I think he likes my silence
I think he likes my smell
I like the way you hit your teeth
When you talk about what you know well

You wonâ€™t hear a peep from me boy
I may never say a word again
Oh before I take my silence
Iâ€™d like to get to know you friend
I like it here on the east coast
I like the state Iâ€™m in
I like the way you live here
But Iâ€™m not done travelling
I should stay here a while though
I cannot just run again
But Iâ€™m in love with you boy
Come with me travelling
It may not last forever
Nothing ever does
And thereâ€™s nothing quite so fickle
As a travelling loverâ€™s love
Iâ€™ll come back for you boy
Iâ€™ll be back again
Oh when the road doesnâ€™t call me
My travels there will end
