

Old Stone

Laura Marling

Intro: **Am/G Am/F# Am/F E**

Verse:

**Am/G Am/F#**  
He chased me through the rain,  
**Am/F E**  
Honey, I m going your way.  
I don t think so.

You can chase me through the rain,  
Scream my name, a childish game,  
But I love to be young.

Pre-Chorus:

**Am F**  
And honey I was never gonna change,  
And honey you are never gonna change,  
**Am F E**  
But you love, don t you love it that way.

Chorus:

**Am F**  
Old stone,  
**Am F**  
Ten thousand years and you re still on your own.  
**Am**  
Don t you love,  
**F E**  
But you love it that way.

Middle eight:

**Bm E**  
And if you swear that you re alright,  
**Am F Am**  
I m not gonna try and change your mind.  
**Am F E**  
Cause the same night I dream that I lose you I ll fall in love  
**Bm E**  
And oh honey don t let me walk away from this  
**Am F**  
If I m trying to fuck up my own life,  
**Am F**  
Then until I figure out why,  
**Am F**  
I think it s best you keep your distance  
**F**  
Lest I fall in love.

Chorus:

Old stone,

Ten thousands years and you re still on your own.

But you love,

Don t you love it that way.

Verse:

He chased me through the rain.

Honey I m going your way.

I don t think so.

You can chase me through the rain,

Scream my name, a childish game,

But I love to be young
