

Make Something Good
Laura Veirs

[Verse 1]

Dm **F** **Am** **C**
I wanted to make something sweet

The blood inside a maple tree
Dm **F** **Am** **C**
The sunlight trapped inside the wood
Dm **F** **Am** **C**
Make something good

[Verse 2]

Dm **F** **Am** **C**
I wanted to make something strong
Dm **F** **Am** **C**
An organ pipe in a cathedral
Dm **F** **Am** **C**
That stays in tune through a thousand blooms
Dm **F** **Am** **C**
Make something good

[Chorus]

Dm **F** **Am** **C**
It s a gonna take a long, long time
Dm **F** **Am** **C**
But we re gonna make something so fine

Dm **F** **Am** **C**
I wanted to make something pure

An emerald field from steer manure

A wild-eyed child in a moonlit room
Dm **F** **Am** **C**
Make something good

I wanted to make something built to last

A bottled ship with a golden mast

And through the squall the course stays true

Make something good

Dm F Am C

Make something good

It s gonna take a long, long time

But we re gonna make something so fine
