

**Make Something Good**

**Laura Veirs**

[Verse 1]

**Dm F Am C**  
I wanted to make something sweet  
**Dm F Am C**  
The blood inside a maple tree  
**Dm F Am C**  
The sunlight trapped inside the wood  
**Dm F Am C**  
Make something good

[Verse 2]

**Dm F Am C**  
I wanted to make something strong  
**Dm F Am C**  
An organ pipe in a cathedral  
**Dm F Am C**  
That stays in tune through a thousand blooms  
**Dm F Am C**  
Make something good

[Chorus]

**Dm F Am C**  
It s a gonna take a long, long time  
**Dm F Am C**  
But we re gonna make something so fine

**C C**

[Verse 3]

**Dm F Am C**  
I wanted to make something pure  
**Dm F Am C**  
An emerald field from steer manure  
**Dm F Am C**  
A wild-eyed child in a moonlit room  
**Dm F Am C**  
Make something good

[Verse 4]

**Dm F Am C**  
I wanted to make something built to last  
**Dm F Am C**

A bottled ship with a golden mast

**Dm F Am C**

And through the squall the course stays true

**Dm F Am C**

Make something good

**Dm F Am C**

Make something good

[Chorus]

**Dm F Am C**

It s gonna take a long, long time

**Dm F Am C**

But we re gonna make something so fine

**Dm F Am C**

It s gonna take a long, long time

**Dm F Am C**

But we re gonna make something so fine

**C C**
