THE CLOUD ROOM - LAURA VEIRS

Verse (**Gm Eb F Eb Gm**)

Gm

Music in the air

Eb F

Plucked from the centuries

F

Presented in the form

Eb Gm

Of a song by you to me

Verse (**Gm Eb F Eb Gm**)

Seagull in the air

Floating on the updraft

See me on the ground

Think i just heard her laugh

Chorus (**Gm Eb F Eb**)

Gm

Up in the air

Eb F Eb

Up there, up there, in the air

Verse (**Gm Eb F Eb Gm**)

Twelve floors up

In the camlin hotel

Man at the piano

Plays songs for the clientele

Notes mingle out from his mouth

With the alcohol

Floating up to the stars

And circling through them all

Chorus (**Gm Eb F Eb**)

Verse (**Gm Eb F Eb Gm**)

Topographic lines
Come close together
Imagine the peaks
And the stormy weather
Trees fade to white
And boulders just might
Make an appearance
If the sun shines just right

Chorus (**Gm Eb F Eb**)
