

**Painkillers**

**Lauren Pritchard**

**Am F G**  
15 miles outside of Rockland County Line  
**Em Am**  
Where it all went down long ago  
**Dm G**  
Baby don t be dumb, this is how you run  
**C**  
If you wanna leave with your heartbeat  
**Am C**  
And I don t remember what we started  
**Dm E**  
Fighting over and over

[CHORUS]

**Am E C Dm**  
But I know that no painkillers make it go away  
**Dm E**  
I tried them once before, it didn t work for me, work  
**A E C Dm**  
And there s no painkillers make it go away  
**Dm E**  
If it tried to overdose, it wouldn t bring no change

**Dm C**  
Suns out on 95  
**Dm Am**  
And I m not dead tonight

**Dm C**  
Took exit 81, I felt like throwing up  
**E Am**  
I finally did the math of where I m going  
**Dm G**  
And my heart breaks for you, but I got broken too  
**C**  
And I still wanna be someone

**Am**  
And I know you wanna fight  
**C Dm E**  
But one day you ll be thankful that I let you go

[CHORUS]

**Am E C Dm**  
But I know that no painkillers make it go away

**Dm** **E**  
I tried them once before, it didn't work for me, work

**A E C Dm**  
And there's no painkillers make it go away

**Dm E**  
If it tried to overdose, it wouldn't bring no change

[Bridge]

**Dm7 G A**  
Even when it's gone, even when it's around

**Dm7 G A**  
I want you back the further I can go

**A Dm7**  
The further I can see and I fight for that

**G A E Am**  
But don't you always know? Did it come out of nowhere?

**Am E C Dm**

**Dm E**

[CHORUS x2]

**Am E C Dm**  
No painkillers make it go away

**Dm E**  
I tried them once before, it didn't work for me, work

**A E C Dm**  
And there's no painkillers make it go away

**Dm E**  
If it tried to overdose, it wouldn't bring no change

**Dm C D**  
Suns out on 95

**Dm Am**  
And I'm not dead tonight
