

Let Go
Lawson

Let Go (Chorus)
by Lawson

Capo on 1st fret
Chords Used: **C Am G D**

Right, this was all done by ear so I m not entirely sure if these are the right chords chorus, but they sound quite accurate to me...

C

I don t need to see you cry

Am

I don t need to breathe your life

G

I think it s time I m moving on

D

I gotta let go, let go

C

And after all the things you said

Am

And all the stories that I read

G

I think I ll make it on my own

D

I gotta let go, let go

I think that s pretty much it! If anyone has any alternatives, please tab them!

Thanks, hope this helped! :)
