

The Girl I Knew
Lawson

G **C**
Thought love had come my way
Am **D**
When I saw you face to face
G **C**
When you looked at me that way
Am **D**
In Covent Garden that day

Hm **C** **D** **G**
What did I do wrong to make you doubt me?
C **G** **D**
Why did you change?

Chorus:

G **C** **D**
The girl I knew always made me smile
Em **C** **G** **D**
The girl I knew wanted my first child
G **C** **D**
The girl I knew wouldn't make me cry
C **G** **Am**
But she's gone and left home tonight

C **Hm**
Left me on my own tonight

G **C**
Of all the days we spent together
Am **D**
And the endless movie nights
G **C**
Said we'd always last forever
Am **D**
And I never thought you'd lie

Hm **C** **D** **G**
How did I lose my best friend?
Em **C** **G** **D**
And, what happens now?

CHORUS

C **G**
The girl I knew
