August Sunset

Written by LBM

From the album ?Songs from the north of the heart?

-----  
-----  
A great ?chill out love song? by LBM, to me it takes you through stages of any relationship,  
It starts with the end of the last one and builds up to give a vision of the future of the next.

The beach is my place when I wanna get away, lying on the sands burning through  
the day

By the evening, we will love forever

Sharing something we'll never forget

**Dm/B** **G6** **Am7** **G/B** **Am**  
Glowing in the shadows of an August sunset.

Verse 2 (as verse 1)

The birds above are singing sweet, the deep blue sea covers our feet  
We will stand there arm in arm, and ride the waves strong, tall or calm  
Everywhere I look I can see your face, sitting with a beer staring into space  
Then it hits me right outta the blue, can't deny I really want you  
Can you tell me what more I need, your all I want coz mind is freed  
It makes me think all night long, loving you I can't go wrong

Chorus

Bridge

**Fmj7** **G** **Fmj7** **G**  
Is this the way you wanted things to be, walking hand in hand with a simple guy  
like me

**Fmj7** **G** **Am**  
Are the fruits of passion growing with no regret, is this an August sunset?
