Capo: 1st
Intro: Drums followed by Em

Em
Dying to scream

So I hide and sing

A disillusioned voyeur

Studying the sane

God keeps whispering

In the devil s ear

Hallelujah

Things are getting weird

I m nakedly perverted

Possessive and free

I wanna run away

But I never wanna leave

I got an ax to grind

And a mouth to match

You better hear me out

Don t let me crash

Am

The blues in my eyes

Take me swimming

I try to dance

The floor keeps moving

My swollen lips

The words aren t forming

B

The curtain s coming down

Will you still love me tomorrow

I m black I m white

I m the human race

Call me Eve

How s the apple taste

In a perfect world

I d find my place

Try to change me

What a fucked up waste

Am

My body s cold

The whispers chill me

Expose myself

Am I still pretty

Are you so flawless

Or is it gutless
