Rebel - I m in rebellion

Verse 1:

Jesus was a rebel, a renegade, outlaw/ sanctified
troublemaker but He never sinned, oh/ and He lived His life by a
different set of Rules/ the culture ain t approve/so you know they had
to bruise Him/ that s the way they do/ man, they swear they so
gangsta/ everyone the same/ everybody do the same stuff/ tattoos,
pierces, smokin up and drinking/ money and sex plus them extravagant weekends/
man if that s the high life/ I ll puff puff pass that/ you
leave evaporated like missing a gas cap/ I guess I m passed that/ I m
in rebellion/ rather have a dollar in my pocket than a mill-ion/ scared
to worship money, my wants over Elyon/ I ll remain a rebel while the rest
of them just carry on/this is what I live fo/ this the hill I m buried
on/ if Jesus is the truth/ that means one of us is VERY wrong/ think about it

(I know in our day, rebel means sinner .
But everyone is sinning, so it s no longer rebellious to sin!
Jesus was a rebel who was counter-cultural.)

Verse 2:

No glory to me/ all glory s to the King on the throne (Jesus)/ you
either love Him or leave Him alone but you can t do both/ yeah, I know
you heard that once in song/ I pray you hear 10 more fo ya gone/ hey
listen up, homes/ The stage is the corner crowd is the streets/
That s why I rap the bread of life cause they dyin to eat/
I m a rebel you know the kind that die in the street/Cause you refuse
to conform, won t eat the kings meat/ yeah, Christ rebelled by shunning
the culture/ He eatin with sinners/ givin Pharisees ulcers/ He never
got married, He was broke plus homeless/yeah that s the God I roll with/ ya boy
gotta wife
and no I neva cheated/ I m prayin for humility whenever I get heated/
forget about the drugs/ rebel against pornography/ this ain t how it
oughta be, homie/ this is how it s gotta be/ A rebel

(You re just a conformist if you re drunk and naked, and driving around
on a motorcycle, smoking cigarettes and breaking commandments and getting
pregnant
out of wedlock.

Everyone s done that! That s so tired.

If you really want to be a rebel, read your Bible, because no one s
doing that. That s rebellion. That s the only rebellion left!)
