

**In My Time Of Dying**  
**Led Zeppelin**

A few things to note: This song is played with a slide in standard tuning (as far as I can tell). I may have some of the nuances a little off (like where to begin a particular slide etc.), but hopefully this will give you an idea of how to play it.

Opening riff: (set tone to crunchy :-))

```

e |-----|-----|
B |-----|-----|
G |-32^0-2/3/5~-0-32^0-(0)/12~---|-32^0-2/3/5~-0-31^0--|
D |-32^0-2/3/5~-0-32^0-(0)/12~---|-32^0-2/3/5~-0-31^0--|
A |-----|-----|^-----|
E |-----|-----|-----|

                                |           |
                                |         wait         |
                                |           |           |
                                |         slow slide      |
                                |           |           |
e |-----|-----|-----|
B |-----12~---|-----v-----|
G |-32^0-2/3/5~-0-32^0-(0)/12~---|-32^0-2/3/5~-0-31^0--|
D |-32^0-2/3/5~-0-32^0-(0)/12~---|-32^0-2/3/5~-0-31^0--|
A |-----|-----|-----|
E |-----|-----|-----|

```

Another part:

```

e |-----|-----|
B |-----|-----|
G |-0-3-5---0-(5)/7-0-(3)/53-0-|-0-3-5---0-(5)/7-0-(3)/5-3-|
D |-0-3-5---0-(5)/7-0-(3)/53-0-|-0-3-5---0-(5)/7-0-(3)/5-3-|
A |-----|-----|
E |-----|-----|

```

Repeat that once.

Yet another part: (a little faster than previous progressions)

```

e |-----|-----|
B |-----|-----|
G |-(3)/7~-0-(3)/5^0-3-0-:-|-/12~-0-(3)/5^0-3^0-:-5-(hold)-|
D |-(3)/7~-0-(3)/5^0-3-0-:-|-/12~-0-(3)/5^0-3^0-:-5-(hold)-|
A |-----|^-----|^-----|
E |-----|-----|-----|

                repeat                repeat

```

Now, right after that last 5-5 power chord, there s a little piece that I can t figure out. It leads to this fast part, tight

with the drums:

```
e |-----|
B |-----|
G |-(2)/32^0-(2)/32-0-(2)/53-0-(right here I usually play some)
D |-(2)/32^0-(2)/32-0-(2)/53-0-(fast 0-0 fills ; 3 or 4, drums)
A |-----|
E |-----|
```

Repeat several times.

I m not sure what the standard nomenclature is, but here is what I meant:

- (X)/Y : Start slide at X fret, slide up to Y fret.
- X^Y : Pull slide off strings.
- X~ : Hold and wiggle slide for a tremolo effect.
