Capo on the 2nd fret

E **B**
I think about him holding you
C#m **A**
There s nothing much that I can do
C#m
The seconds and the minutes
B
The minutes and the hours
A **B**
The future is his and the past is ours

E **B**
They tell me I should just move on
C#m **A**
It s easier said than done
C#m **B** **A** **B**
The only thing left keeping me company just me and my jealousy

E **B** **C#m** **A**
Lying awake at night
E **B** **C#m** **A**
You keep running through my mind
E **B**
Jealous of the hand that you hold
C#m **A**
The city in the winter never seemed so cold
E **B** **C#m** **B** **E**
Nothing left of me just me and my jealousy

E **B**
You said there really isn t much to say
C#m **A**
But we ll be better off this way
C#m **B**
So tell me is it better while you re lying in bed
A **B**

I wonder if you ever think of me instead

E **B**
Then I got nothing left to prove
C#m **A**
When you got nothing, you got nothing to lose
C#m **B** **A** **B**
The only thing left keeping me company just me and my jealousy

E **B** **C#m** **A**
Lying awake at night
E **B** **C#m** **A**
You keep running through my mind
E **B**
Jealous of the hand that you hold
C#m **A**
Chicago in the winter never seemed so cold
E **B** **C#m** **B** **E**
Nothing left of me just me and my jealousy

A **A**
I m jealous of the pillow where you lay your head
E **C#m** **B**
The only thing you re lying with is my regret, my regret
A **A**
And I m jealous of the way he says your name
E **B**
I should of held you tighter but I let you walk away
E **B** **C#m**
I lie awake at night
E **B** **C#m**
You keep running through my mind...

E **B** **C#m** **A**
This needs to end tonight
E **B** **C#m** **A**
I can t get you off my mind

E **B**
Jealous of the hand that you hold
C#m **A**
Chicago in the winter never seemed so cold
E **B** **C#m** **B**
Nothing left of me just me and my jealousy

Enjoy :)
