C# F#

C#

It s all been said before

But darling here s the truth

It s hard to find the words

As beautiful as you

You say I can be cold

F#

Emotions cast from steel

Well I might not bare my soul

G#

This is how I feel

(**G#**)

I hate to see you cry

F#

I love to see you laugh

I keep in my mind

G#

My favorite photograph

I take it out sometimes

F# F# -once

To see you smile

C# F#

Is that o-kay? O-kay?

C#

It s all been said before

F#

But what was I to do
I tripped over your smile

I fell in love with you
You broke my heart of stone

F#

You solved my mystery
I don't need all I own

G#

I just need you with me

To see you smile

Bbm G#

Is that oka-ay? When,

Ebm F#

My body gets old and my body turns cold

Bbm G#

And then gray, haired

Ebm

Watch the sun from the sky

F#

Like a tear from your eye

Bbm G#

And the guards, they stop

Ebm

When everything passes

F#

The worlds left in ashes

Bbm G# F#

C#

I'll still have your smile

F#

Oohoo

G#

I hate to see you cry

F#

I love to see you laugh

I keep in my mind

My favorite photograph

I take it out sometimes
 F# **F#** -once
To see you smile
