

I Wish The Whole World Knew

Lee Ryan

This song is for Jennifer, the most beautiful, funny, caring girl I have ever met in my but have managed to loose. Itâ€™s on a constant loop in my head so I thought Iâ€™d take the time to learn it in the that one day sheâ€™d hear it.

Jennifer you mean the world to me honey and I canâ€™t believe Iâ€™ve lost you, I think about all the time. No one has ever made me laugh like you, youâ€™ll never know what your love has done to me youâ€™ve changed my whole life. Iâ€™d give everything I have to get the last 2 weeks of July back again. You know where to find me if you ever want to.
