When loneliness is all Ive found
And everyone has let me down
You say Youll always be around
And You love me as I am

When tears and hurt are all Ive known
And when my heart cant find a home
You say You want me for Your own
You love me as I am

(CHORUS)

You gave Your life, You made a way
You stirred my heart, You called my name
And when I got tired of my own way
You loved me where I was
And You love me as I am
