VERSE 1

**E** **E** **A**  
I feel Your lightning waking me up **A**  
**E**  
From the sleep of my timid soul  
**E** **A**  
I  ve been in hiding from all Your plans **A**  
**E**  
Your command that told me to go **E**  
**E** **A** **E**  
**A**  
And I  ve spent all my life keeping my head down  
**E** **A**  
But I  m lifting up my eyes **A**  
**E**  
I raise my flag up high, my flag up high

CHORUS:

**E** **A**  
I  m not afraid anymore **A**  
**E**  
  Cause I am running with Your fire, Lord  
**E** **A**  
I  m picking up my sword **A**  
**E** **A**  
You train my hands and my fingers for war **A**  
**E** **A** **E** **A**  
I  m not afraid anymore

VERSE 2

I hear the trumpet ringing out in these streets  
Where kingdoms collide  
So Iâ€™m responding  
This is a fight for love, this is death or life  
And when my knees are weak  
I know Your hands are strong  
And they are holding me  
Iâ€™ll never be alone, never be alone

CHORUS

BRIDGE

**E â€" E â€" E â€" A**

Youâ€™re chasing my fears away  
Thereâ€™s no reason to be afraid  
Your love is here chasing my fears away  
Your love is here chasing my fears away

CHORUS
