The Great Awakening
Leeland

```
Intro:
A         Asus/F#        A
D   ( /E )        F#m   ( /E )     C#m7     ( /D )     E     x2

Bm7      ( A/C#    D )       E       Asus        A
```

```
A                                       Asus/F#
One man wakes, awakens another
A                                          Asus/F#
Second one wakes his nest door brother
D                      F#m
Three awake can rouse a town
        C#m7                           E
And turn the whole place upside down

A                                       Asus/F#
Many awake will cause such a fuss
    A                            Asus/F#
It finally awakes all of us
D                      F#m
One man wakes with dawn in his eyes
        C#m7                        E
Surely then it multiplies
Bm    ( A/C#    D )     E         ( Asus4    Asus2 )     A
Surely then it multiplies
```

You can repeat the song as many times as you like :D
I hope this tab is what you expected it to be, since no one tabbed it I thought I should
give it a try! Lots of love, keep enjoying music
