LYRICS:

Life is so short and oh so sweet
Life in the sun is such a treat
Do what you wanna do
Pause, take in the view
Don t let it pass you by
No point in feeling blue
Our days are only few
Make your dreams come alive

Smile big and share it with the world
Shine bright, spread your light
It s all here for you to enjoy
Every day is the first day of your life
Every day is the best day of the rest of your life

Life is a breeze when you re at ease
Life is what you make it please
Be what you want to be
Feeling wild and free
Don t let them drag you down
As far as you can see
Climb up the highest tree
Make your dreams come alive

Smile big and share it with the world
Shine bright spread your light!
It s all here for you to enjoy
Every day is the first day of your life
Every day is the best day of the rest of your life
