

**My Idea Of Heaven**  
**Leigh Nash**

(This is in Key of G, I am pretty sure its correct. sorry if it isnt)

**G** **Am**  
I never thought I d get here  
**Em C**  
I was so far away  
**G Am**  
I didn t believe in love  
**Em C**  
Thought it was just a game people play  
**Em C**  
Everything changed when I met you  
**Em**  
I touched your hand  
**G**  
You took my heart  
**Em D/Bm**  
And you led me to a better place  
**Am D**  
Just the two of us in the dark

**G Bm Em C**  
This is my idea of Heaven lying here with you  
**G Bm Em D**  
This is my idea of Heaven nothing else I d rather do

**G Am**  
I never thought you d get here  
**Em C**  
Why d you make me wait?  
**C Am**  
But when I looked into your eyes  
**Em C**  
I recognized you were my fate  
**Em G**  
I d been living in a lonely shell  
**Em G**  
With no windows to the world  
**Em D**  
How in God s name did you find  
**Am D**  
the lone star s loneliest girl?

**G Bm Em C**  
This is my idea of Heaven lying here with you  
**G Bm Em D**  
This is my idea of Heaven nothing else I d rather do

**Em**                  **D**  
To feel you heart beating  
                                  **Em**                  **D**  
To feel our lips meeting  
                  **G**                  **Bm**                                  **Em C**  
This is my idea of Heaven ooooo

**Bm**                                  **Em**  
In Heaven love is everywhere  
                                  **D**                                  **Em**  
There is no pain there are no tears  
                  **Bm**                                  **Em**  
In Heaven love lasts forever  
                  **C**                                  **D**  
It doesn't disappear

**G**                                  **Bm**                                  **Em**                  **C**  
This is my idea of Heaven lying here with you

**G**                                  **Bm**                                  **Em**                  **D**  
This is my idea of Heaven nothing else I'd rather do

**Em**                                  **D**  
To feel you heart beating

**Em**                                  **D**  
To feel our lips meeting

**G**                                  **Bm**                                  **Em C**  
This is my idea of Heaven ooooo

**G**                                  **Bm**                                  **Em**                  **C**  
This is my idea of Heaven lying here with you
