

Words I Couldnt Say
Leighton Meester

Capo on the 6th

[Verse 1]

G **Cadd9**
In a book, in a box, in the closet
G **Cadd9**
In a line, in a song I once heard
Am **G** **D**
In a moment on a front porch late one June
Am **G** **D**
In a breath inside a whisper beneath the moon
G **Cadd9**
There it was at the tips of my fingers
G **Cadd9**
There it was on the tip of my tongue
Am **G** **D**
There you were and I had never been that far
Am **G** **D**
There it was the whole world wrapped inside my arms
Am **C** **D**
And I let it all slip away

[Chorus]

G **Cadd9**
What do I do now that you re gone
C
No back up plan, no second chance
Em **D**
And no one else to blame
G **Cadd9** **C**
All I can hear in the silence that remains
D **C** **G**
Are the words I couldn t say

[Verse 2]

There s a rain that will never stop fallin
There s a wall that I tried to take down
What I should have said just wouldn t pass my lips
So I held back and now we ve come to this
And it s too late now

[Chorus]

G **Cadd9**
What do I do now that you re gone
C
No back up plan, no second chance
Em **D**

And no one else to blame

G **Cadd9** **C**

All I can hear in the silence that remains

D **C** **G**

Are the words I couldn't say

[Bridge]

Am **G** **F**

I should have found a way to tell you how I felt

Am **F**

Now the one I'm telling is myself

[Chorus] x3

G **Cadd9**

What do I do now that you're gone

C

No back up plan, no second chance

Em **D**

And no one else to blame

G **Cadd9** **C**

All I can hear in the silence that remains

D **C** **G**

Are the words I couldn't say
