Am                 F                          G
Every once in a while there is a shooting star
                        E                         Am
People say theyâ€™re good luck, but even if they are
                    G   C                        F
Thereâ€™s not a star in motion that could help me now
                 G              E7         Am
Iâ€™m in serious trouble, and I donâ€™t know how
                  F                     D7
A pack of deadly creatures followed me back here
                 G                  C
I am desperately hiding as theyâ€™re drawing near
        Fm           C           Fm     C
I wish I knew what to do or where I lost my way
       Fm          C                  Fm     Em
So Iâ€™m carefully thinking back to yesterday
          Am    G     F
I was just a normal chap
         G      E        Am
But I shoulda brought a map
```
G F   E
I shoulda
Eb
Shoulda woulda coulda woulda
Ab   Ab7
Shoulda woulda coulda woulda
Eb   Ab   Ab7
I got lost and I wound up on a dirt road
Eb   Ab   Ab7
I saw signs, and in retrospect they did bode
Eb   Ab   Ab7
Bad things, but I shrugged and I still drove
F   Ab7
Through to a town where my bad luck overflowed

C AmDm   G   Ab Eb
Maybe this was a bad idea
Ab G
Oh no

Ebm   **Ab7**
So here I am, hiding from Fate
Ebm   **Ab7**
I canâ€™t win, itâ€™s just too late
Ebm   **Ab7**
But something must be done
Ebm   **Ab7**
Yes sirree, this war must be won
Ebm   **Ab7**
I know this, I wonâ€™t die hiding
Ebm   **Ab7**
I know this, I must keep fighting
Ebm   **Ab7**
I donâ€™t know who the winnerâ€™s gonna be
Ebm   **Ab7**
But thereâ€™s just one way to see
B   **Db**   **Ebm** **Gb**
Itâ€™s time to kick some zombie ass, lah lah lah lah lah lah
