well, I thought Iâ€™d write a little song  
so I wrote a little song  
then I tried to write some lyrics  
but I didnâ€™t last too long  
so I figured, why not sing about me  
trying to write a song and stuff  
and I decided to keep on singing  
â€™til I had had enough, but then I realized

this song needs a hook

an ironic little

self refrential

**B**

catchy freakinâ€™ hook

**D**

so I made the chorus

all about how
