Capo 4th

[Verse 1]

G **Em** **C**
Ain't it crazy how life is unpredictable

I was always upright, til you turned me upside down

I found myself in your arms tonight
Em **E**
Overcome by everything of you
Am **C** **D**
And I hope you're not too good to be true, my baby

[Chorus]

G **Em**
I'm standing in the moonlight
D
Trying to catch my breath again
C
What you gone and done to me baby
G **Em**
All shaken up and tongue tied
D
Heart is in a mess again
C
What you gone and done to me
G B C A7
Every time you love me that way
G **Em**
I'm standing in the moonlight
D
Trying to catch my breath again

What you gone and done to me baby
