Tuning: No capo

**D** **A**  
Take a break now, turn it around  
**Em** **G**  
Put my mind in a jamoree  
**D** **A**  
Never felt that feeling that I can fell  
**Em** **G**  
When you're near to me

**D** **A**  
God knows I ve never given more  
**Em** **G**  
Than I do do do today, 'cause I  
**D** **A**  
Give it back what you're giving to me  
**Em** **G**  
And there's a lot coming your way

**D** **A**  
Cause I can touch a new Day  
**Em** **G**  
Just by playing in a new play  
**D** **A**  
I have got some brand new thoughts  
**Em** **G**  
And you will be a part in all these

**D** **A**  
I like the smell of fresh hay  
**Em** **G**  
I wont stop right now to inhale  
**D** **A**  
I have got some brand new flavours  
**Em** **G**  
Going in and out of my mind

**D** **A**

Straight in from a lousy time

**Em G**

I took off on a cloudy day

**D A**

Not knowing that a little climb

**Em G**

Could turn it in another way

**D A**

It appears as a matter of fact

**Em G**

A little break off to the side

**D A**

Can change more things that you've ever thought of

**Em G**

Ain't no reason to hide

**D A**

Cause I can touch a new Day

**Em G**

Just by playing in a new play

**D A**

I have got some brand new thoughts

**Em G**

And you will be a part in all these

**D A**

I like the smell of fresh hay

**Em G**

I wont stop right now to inhale

**D A**

I have got some brand new flavours

**Em G**

Going in and out of my mind

**D A Em G**

**D A**

Come on over, listen to me

**Em G**

Enjoy your ride on my way to now

**D A**

It might be you more clever than me

**Em G**

But we can complement each other somehow

**D A**

Get back to the depth of your soul

**Em G**

And unwind on a hanging seat

**D A**

You get more when you leave behind

**Em**

**G**

Some of the things you don't really need

**D**

**A**

Cause I can touch a new Day

**Em**

**G**

Just by playing in a new play

**D**

**A**

I have got some brand new thoughts

**Em**

**G**

And you will be a part in all these

**D**

**A**

I like the smell of fresh hay

**Em**

**G**

I wont stop right now to inhale

**D**

**A**

I have got some brand new flavours

**Em**

**G**

Going in and out of my mind

**D A Em G**
