C                                      Am
    Pour me some wine, join me tonight
                                F
Surround me with your happy faces
C                                        Am
    Share some fun stories, stay up all night
                              F
Surround me with your friendly faces
Dm                  G                     Am
    Then look at me, when I m not aware
                  F           G       F (hold)
    Then you ll see, I cannot do without you

     F                    G
I ll be right there, if you ask me to
          Am                F
If you re feeling sad, I ll stay with you
    F                    G
And if you re scared, I ll hold your hand
        Am       G         F
Like I know you d do for me too,
        Am       G           F (hold)
Like I know you d do for me too

C                                      Am
    Pour me some wine, join me tonight
                             F
Life is so good when I m with you
C                                          Am
    I needed the laughs, I needed you tonight
                             F
Life is so good when I m with you
Dm                  G                       Am
    So look at me, when I m not aware
