

Sad Song  
Lenka

F - Em - C Dm - F - G

C G  
Don t tell me you wanna be  
Am G  
The kind of girl who s drowning  
C G Am  
And don t go holding on to anything  
G  
That s gonna keep you frowning, darling  
Dm  
Everyone s compelled to look into the mirror  
Am  
When they re crying  
Dm  
Just because your tears are pretty  
G  
Doesn t mean they ll get you by

C F G  
Sing me a sad song and make me feel better  
C F G  
Sing me a happy song and I might start to cry  
Dm G  
Because everything feels like it s going around in circles  
Dm G  
And everyone knows that the world is upside down

C G  
You were once a little baby  
Am G  
Full of optimistic wonder  
C G  
So what got into you to make you think  
Am G  
That it could pull you under, honey  
Dm  
Could it be that we were under  
Am  
The impression life was perfect?  
(La, la, la, la, la)  
Dm  
And when the bubble burst  
G  
We understood that every part of it hurts

C F G

Sing me a sad song and make me feel better

**C F G**

Sing me a happy song and I might start to cry
