

Sad Song

Lenka

**Eb - Dm - Bb Cm - Eb - F**

**Bb F**  
Don t tell me you wanna be

**Gm F**  
The kind of girl who s drowning

**Bb F Gm**  
And don t go holding on to anything

**F**  
That s gonna keep you frowning, darling

**Cm**  
Everyone s compelled to look into the mirror

**Gm**  
When they re crying

**Cm**  
Just because your tears are pretty

**F**  
Doesn t mean they ll get you by

**Bb Eb F**  
Sing me a sad song and make me feel better

**Bb Eb F**  
Sing me a happy song and I might start to cry

**Cm F**  
Because everything feels like it s going around in circles

**Cm F**  
And everyone knows that the world is upside down

**Bb F**  
You were once a little baby

**Gm F**  
Full of optimistic wonder

**Bb F**  
So what got into you to make you think

**Gm F**  
That it could pull you under, honey

**Cm**  
Could it be that we were under

**Gm**  
The impression life was perfect?  
(La, la, la, la, la)

**Cm**  
And when the bubble burst

**F**  
We understood that every part of it hurts

**Bb Eb F**

Sing me a sad song and make me feel better

**Bb Eb F**

Sing me a happy song and I might start to cry

**Cm F**

Because everything feels like it s going around in circles

**Cm F**

And everyone knows that the world is upside down

**Eb - Dm - Bb Cm - Eb - F**

**Bb Cm Dm Eb F**

I m going to color my glasses rose

**Bb Cm Dm Eb F**

And I m going to follow where the rainbow goes

**Cm F**

And my pot of gold will be waiting

**Bb Eb F**

So sing me a sad song and make me feel better

**Bb Eb F**

Sing me a happy song and I might start to cry

**Cm F**

Because everything feels like it s going around in circles

**Cm F**

And everyone knows that the world is upside down

**Cm F Bb**

Yeah, everyone knows the world is upside down
