

Sad Song
Lenka

E - Ebm - B C#m - E - F#

B F#

Don t tell me you wanna be

G#m

F#

The kind of girl who s drowning

B

F#

G#m

And don t go holding on to anything

F#

That s gonna keep you frowning, darling

C#m

Everyone s compelled to look into the mirror

G#m

When they re crying

C#m

Just because your tears are pretty

F#

Doesn t mean they ll get you by

B

E

F#

Sing me a sad song and make me feel better

B

E

F#

Sing me a happy song and I might start to cry

C#m

F#

Because everything feels like it s going around in circles

C#m

F#

And everyone knows that the world is upside down

B

F#

You were once a little baby

G#m

F#

Full of optimistic wonder

B

F#

So what got into you to make you think

G#m

F#

That it could pull you under, honey

C#m

Could it be that we were under

G#m

The impression life was perfect?

(La, la, la, la, la)

C#m

And when the bubble burst

F#

We understood that every part of it hurts

B

E

F#

Sing me a sad song and make me feel better

B E F#

Sing me a happy song and I might start to cry

C#m F#

Because everything feels like it s going around in circles

C#m F#

And everyone knows that the world is upside down

E - Ebm - B C#m - E - F#

B C#m Ebm E F#

I m going to color my glasses rose

B C#m Ebm E F#

And I m going to follow where the rainbow goes

C#m F#

And my pot of gold will be waiting

B E F#

So sing me a sad song and make me feel better

B E F#

Sing me a happy song and I might start to cry

C#m F#

Because everything feels like it s going around in circles

C#m F#

And everyone knows that the world is upside down

C#m F# B

Yeah, everyone knows the world is upside down
