Lenny Kravitz - I Don t Want To Be A Star

**Em**                    **D**     **A**  
I don t want to be a star  
                         **Em**                    **D**     **A**  
Just want my chevy and an old guitar  
**Em**                    **D**     **A**  
I don t want to be a star  
**G**                                    **E**  
I don t need the fat cigar

**Em**                    **D**                    **A**  
My friends wonder what is wrong with me  
                         **Em**                    **D**                    **A**  
cause I don t get off on my fame  
**Em**     **D**             **A**  
I got so much confusion now  
**Em**                                    **D**                    **A**  
Sometimes I don t even know my name

**Em**                    **D**     **A**  
I don t want to be a star  
                         **Em**                    **D**     **A**  
Just want my chevy and an old guitar  
**Em**                    **D**     **A**  
I don t want to be a star  
**G**                                    **E**  
I don t need the fat cigar

**Em**                    **D**                    **A**  
Too many distractions run through my brain  
**Em**     **D**                    **A**  
So many girls they start to look the same  
**Em**                    **D**                    **A**  
Too many options no time to choose  
**Em**                    **D**                    **A**  
Too many clothes, too many shoes

**Em**                    **D**                    **A**  
I ve had the world I ve done it upside down  
**Em**                    **D**                    **A**  
I played the part and I ve been the clown  
**Em**                    **D**                    **A**  
Now it s my time, it s a brand new year  
**Em**     **D**                    **A**
