verse 1:

Am

You killed the love that was once so strong

With no regret to what you did wrong

Should I stay and fight?

Do I exist to you anymore?

There s someone else that you re hearing

And I almost gave you one more chance

And shot my heart of glass, this time will be the last

You ve played your game, used me like a pawn

Check mate, you re done and then you were gone

Now that you're through, I can't feel your soul

Where there was love lies an empty hole
