

**The Pleasure And The Pain**  
**Lenny Kravitz**

*Intro* **A Bm** (2x)

**A** **Bm**  
It s been a while since you came around  
**A** **Bm**  
I missed you so. You know you broke me down  
**G** **G#m**  
I was ready to give it one more try  
**A** **Bm**  
Play on  
**A** **Bm**

**A** **Bm**  
While you were gone I tried to mend my heart  
**A** **Bm**  
But I didn t know even where to start  
**G** **G#m**  
I rather be with you given the fact

**A** **G**  
I ll take all you offer, cause it s all the same  
**A**  
The stone and the flower  
**G**  
The pleasure and the pain  
**A** **G**  
I ll climb up that mountain, because it s you again  
**A**  
I can t live without it  
**G**  
The pleasure and the pain

**A** **Bm**  
I love the way that you keep it real  
**A** **Bm**  
You re not afraid to tell me the deal  
**G** **G#m**  
You tell me when I m wrong, when I m tripping out  
**A** **Bm**

Cause a man like me, needs a woman who

**A** **Bm**

Who walk the wall and is a warrior too, but

**G** **G#m**

With that comes the truth and there is no doubt

I ll take all you offer, cause it s all the same
