

## Caledonia

Leon Jackson

This is the way I play it, sounds good with the way he sings it.

**G** **D**  
I don t know if you can see  
**Em** **Cadd9**  
The changes that have come over me  
**G** **D**  
In these last few days I ve been afraid  
**Em** **Cadd9**  
That I might drift away  
**G** **D**  
So I ve been telling old stories singing songs  
**Em** **Cadd9**  
That make me think about where I came from  
**G** **D**  
And that s the reason why I seem  
**Em** **Cadd9**  
So far away today.

**G** **D**  
So let me tell you that I love you  
**Em** **Cadd9**  
And I think about you all the time  
**Cadd9** **G**  
Caledonia you re calling me  
**D** **G**  
And now I m going home  
**G** **D**  
And if I should become a stranger  
**Em** **Cadd9**  
You know that it would make me more than sad  
**Cadd9** **D** **G**  
Caledonia s been everything I ve ever had.

**G** **D**  
Now I ve moved and I ve kept on moving  
**Em** **Cadd9**  
Proved the points that I needed proving  
**G** **D**  
Lost the friends that I needed losing  
**Em** **Cadd9**  
And found others on the way  
**G** **D**  
And I ve kissed the ladies and left them crying  
**Em** **Cadd9**  
Stolen dreams oh there s no denying

**G** **D**  
And I ve travelled hard with my coat tails flying  
**Em** **Cadd9**  
Somewhere in the wind.

**G** **D**  
So let me tell you that I love you  
**Em** **Cadd9**  
And I think about you all the time  
**Cadd9** **G**  
Caledonia you re calling me  
**D** **G**  
And now I m going home  
**G** **D**  
And if I should become a stranger  
**Em** **Cadd9**  
You know that it would make me more than sad  
**Cadd9** **D** **G**  
Caledonia you re the best friend I ve ever had.
