

**When We Believe**  
**Leon Jackson**

**Em**                      **D**  
Many nights we ve prayed  
**Am**                              **C**  
with no proof anyone could hear  
**G**                              **Em**  
in our hearts a hopeful song  
**D**  
we barely understood

**Em**                      **D**  
Now we are not afraid  
**Am**                              **C**  
although we know theres much to fear  
**G**                              **Em**  
we were moving mountains long  
**D**  
before we knew we could

(chorus)  
the chords for the chorus are pretty much the same but could be tweaked i  
suppose
