

Run

Leona Lewis

Fm **D#**
I ll sing it one last time for you
Fm **D#**
Then we really have to go
Fm **D#**
You ve been the only thing that s right
D#
In all I ve done

Fm **D#**
And I can barely look at you
Fm **D#**
But every single time I do
Fm **D#**
I know we ll make it anywhere
Fm
Away from here

G#
Light up, light up
D#
As if you have a choice
E#m
Even if you cannot hear my voice
C#
I ll be right beside you, dear

G#
Louder, louder
D#
And we ll run for our lives
E#m
I can hardly speak, I understand
C#
Why you can t raise your voice to say

Fm **D#**
To think I might not see those eyes
Fm **D#**
Makes it so hard not to cry
Fm **D#**
And as we say our long goodbyes
Fm
I nearly do

G#
Light up, light up

D#

As if you have a choice

E#m

Even if you cannot hear my voice

C#

I ll be right beside you, dear

G#

Louder, louder

D#

And we ll run for our lives

E#m

I can hardly speak, I understand

C#

Why you can t raise your voice to say

G#

Light up, light up

D#

As if you have a choice

E#m

Even if you cannot hear my voice

C#

I ll be right beside you, dear

G#

Louder, louder

D#

And we ll run for our lives

E#m

I can hardly speak, I understand

C#

Why you can t raise your voice to say
