

Un Love Me
Leona Lewis

E G#m C#m A

E G#m
Waiting, sitting in the front seat,
C#m
Which one of us will be
A
The first one to leave?

E
Empty, out of words,
G#m
We re spinning, going in circles.
C#m A
Why we won t let this die?

It doesn t matter
All the times you broke my heart
When I m alone
Wish you d be with me in the dark,
But when you re here you know
We always fall apart,
A
We re better off on our own.

E
Wish I could tell you goodbye,
G#m
But I won t, cause every time that I try
I can t let go, I m begging you to
C#m A
Un love me, un love me, un love me.
Cause I can t un love you.

E G#m
Forcing, even though we re broken,
C#m
We keep holding on to these
A
Distant memories.

And now you know I saw those pictures on your phone
And you don t even bother ask me where I go
When I don t make it home

Now everybody knows we re better off on our own.

E

Wish I could tell you goodbye,

G#m

But I won t, cause every time that I try
I can t let go, I m begging you to

C#m

A

Un love me, un love me, un love me.

Cause I..

E

Now I sure wanna be free,

G#m

But I don t, cause I still wanna believe you re the one.

C#m

I m begging you to un love me, un love me, un love me,

A

Cause I can t un love you.

E G#m C#m A

I can t un love you, I, I can t un love you,
I can t un love you, I, I can t un love you,
I can t un love you, I, I can t un love you,
I can t un love you, I

E

Wish I could tell you goodbye,

G#m

But I won t, cause every time that I try
I can t let go, I m begging you to

C#m

A

Un love me, un love me, un love me.

E

Cause now you now I sure wanna be free.

G#m

But I don t, cause I still wanna believe you re the one.

C#m

I m begging you to un love me, un love me, un love me,

A

Cause I can t un love you.

E G#m C#m A

I can t un love you, I, I can t un love you,
I can t un love you, I, I can t un love you,
I can t un love you, I, I can t un love you,
I can t un love you,

Cause I can t un love you.
