

**Whatever It Takes**

**Leona Lewis**

**G#**

Da, da, da, da, da, da

**Cm**

Da, da, da, da, da, da, da

**D#**

Da, da, da, da, da, da

**A#**

Da, da, da, da, da, da, da

**G#**

People say love

**Cm**

Comes and goes, but

**D#**

They don't understand

**A#**

What they don't know

Cause, what I feel starts

Deep inside

It's planted like a seed

That springs into life

They say it's not right

And we move too fast

But they don't know the meaning

Of what we have

**G#**

Wherever it is, I'll fly

**Cm**

Whatever it takes, I'll try

**D#**

So don't pay no mind

**A#**

To what other people say

**G#**

Whenever it is in my life

**Cm**

Know that I will be on time

**D#**

Cause you know why

**A#**

There s no standing in our way

Da, da, da, da, da, da

Da, da, da, da, da, da, da [x2]

When you re far and

We re apart

I m really missing you

I wanna be where you are

They say it s not right (it s not right)

And it won t last (it won t last)

No point believing

What we have

Wherever it is, I ll fly

Whatever it takes, I ll try

So don t pay no mind

To what other people say

Whenever it is in my life

I ll be on time

Cause you know why

There s no standing in my way

And if you re lost

I m gonna find you

Cause without you

I ll break down and cry

And you know why

I wanna surround you

With all my love

Wherever it is, I ll fly

Whatever it takes, I ll try

So don t pay no mind

To what other people say

Whenever it is in my life

Know that I will be on time

Cause you know why

There s no standing in my way

Da, da, da, da, da, da

Da, da, da, da, da, da, da [x2]
