A BUNCH OF LONESOME HEROES - Leonard Cohen

```
[tab]    A                                          Bm
A bunch of lonesome and very quarrelsome heroes[/tab]
[tab]E              E7                    A Asus4   A
Were smoking out along the open road[/tab]
[tab]                                       Bm
The night was very dark and thick between them[/tab]
[tab]E              E7              A Asus4 A
Each man beneath his ordinary load[/tab]
```

CHORUS:
```
[tab]D Dmaj7  Bm              D         A Amaj7 F#m A
       "I d like to tell my story"[/tab]
[tab]   B                              E  E7
Said one of them so young and bold[/tab]
[tab]D Dmaj7            Bm      D  A Amaj7  F#m A
    "I d like to tell my story[/tab]
[tab] F#m                 E   Esus4 E E7
Before I turn into gold"[/tab]
```

But no one really could hear him
The night so dark and thick and green
Well I guess that these heroes must always live there
Where you and I have only been

CHORUS #2:
Put out your cigarette, my love
You ve been alone too long
And some of us are very hungry now
To hear what it is you ve done that was so wrong

I sing this for the crickets
I sing this for the army
I sing this for your children
And for all who do not need me

CHORUS #3:
"I d like to tell my story"
Said one of them so bold
"Oh yes, I d like to tell my story
 Cos you know I feel I m turning into gold"
