CHORUS #1:

**C#+**                            **G#m7**  
Well, I lived with a child of snow  
**C#+**                            **G#m7**  
When I was a soldier  
          **C#+**                            **G#m7**  
And I fought every man for her  
          **C#+**                            **G#m7**  
Until the nights grew colder

She used to wear her hair like you  
Except when she was sleeping  
And then she d weave it on a loom  
Of smoke and gold and breathing

And why are you so quiet now  
Standing there in the doorway?  
You chose your journey long before  
You came upon this highway

Until the night is over  
I m just a station on your way  
I know I am not your lover
