Capo 5th fret

Intro/Verse (**D, A, F#m7, Gsus**):

Verse 1:

Starting over is harder
than it was before
But things perfect when you're holding out
for something more

Tell me now
have you noticed
Watching from your higher view
Underneath holding you hard
Stands the man that waits for you

Chorus:

But you never, never realized
I'm here in every page in every line
Better, better realize we'll still find a way
If you let me help you write the story of your life

Verse 2:

Crazy circles are raining
right across the sky
Words form clearer and slowly
now you realize

I know so many people
watching letters spell your name
You're the only one that I breathe for
I can't let you stand away

But you never, never realized
I'm here in every page in every line
Better, better realize we'll still find a way
If you let me help you write the story of your life

Bridge (**Bm7, A, F#m7, D**):

The story of your life
Life
Life

The story of your life

Chorus [repeat 2x]

The story of your life [repeat 3x]
