Bm G Em F# (same chords the whole verse)

Lion city s begun to rot  
It s a matter of time until the roaring stops  
The scene from the ground up  
From the painted walls to the rooftops  
Lion city s closed and locked  
While the pop of feet crack on sidewalks  
The haves and the have-nots  
Fade to backdrops of drums and gunshots

Lion city s sirens sing the night away, night away

**Bm** **G** **D** **F#**

Lion city s sirens sing the night away

**Bm** **G**
