

Broken Circles
Levellers

Am
Fired forty rounds in the centre of town
G
He thought to bring the world around
Am
Sleepless nights with God and Christ
C G
The New Messiah
Am
Burn the world to change the days
G
Can be done in better ways
Am
But to make news and front page
C G
You ve gotta aim higher

Am
They didn t build Jerusalem
G Am
They didn t find the land
G Am
For reasons of security
G C Am
They couldn t find the plans

G Am
And we re left standing watching from below
G C G
No new songs and no new heroes
G Am
Standing on the sidelines watching the flow
G C G
Waiting for the day the circle s broken

Am G Am C G

Am
Took the mic to save day
G
The rock star s going to have his say
Am C G
interpret this in any way as if it matters
Am
Cos nothing s black and nothing s white
G
Nothing appears to be quite right

Am

It ll be this way until the day

C G

The circle s shattered

Am

I heard an old song yesterday

G Am

About a better world

G

You know the story

Am

Well, They re all the same

G C Am

The boy gets the girl

G Am

And we re left standing watching from below

G C G

No new songs and no new heroes

G Am

Standing on the sidelines watching the flow

G C G

Waiting for the day the circle s broken

Am G Am C G

Am

From the tips of your fingers

The rest is numb

G

You begin to feel the warmth of the sun

Am

It s taken away been taking away

C G

All you once knew

Am

Taking it back takes all you ve got

G

No time to sit and watch it rot

Am

Believe it s yours and not the lies

C G

Or all hell to you

Am

They didn t build Jerusalem

G Am

They didn t find the land

G Am

For reasons of security

G C Am

They couldn't find the plans

G

Am

And we're left standing watching from below

G
