

**Tv Suicides
Levellers**

Great, new song from the levs. My first tab, and sounds ok to me! Comments welcome!

F **Am**
I can't believe we stand aside and watch these people cry
Dm **G**
Shedding crocodile tears saying we can't interfere this time.
F **AM**
Standing for their rights became their daily suicide

Dm **G**
But getting blown away by the tyrant of the day are we blind
Em **F** **Em** **F**
Your conscience is clear, there's no threat round here
Em **F** **G**
Keep on spreading the fear and the lies

Dm **F** **C** **G**
The television sears my eyes
Am **F** **Am**
Their only mission was sacrifice
Dm **F** **C** **G**
With your permission they might make it out alive
Am **F**
You should have listened
Am **F** **G**
Yeah you should have listened last time
F **Am**
Now you sit alone and watch their families cry
Dm **G**
Trying to understand why they've fallen in a land far away
F **Am**
I know the time will come and for your crimes you'll pay
Dm **G**
You never once delivered, my soul begins to shiver at your name
Em **F**
They're caught in the crossfire
Em **F**
Never thought they would die there
Em **F** **G**
As the light in their eyes starts to fade

Dm **F** **C** **G**
The television sears my eyes

Am **F** **Am**

Their only mission was sacrifice

Dm **F** **C** **G**

With your permission they might make it out alive

Am **F**

You should have listened

Am **F**

Yeah you need to listen

Am **F** **G**

You need to listen, this timeâ€¦

Am

This time
