Wherever We Break Down Levi Lowrey Α $-\mathbf{E}$ A – E WHEREVER WE BREAK DOWN LEVI LOWREY Α We've been living here, For nearly one whole year Е And I have grown weary Α Barley making our ends meet, Trying to stand up on our feet Ε And get off our knees Α But it never felt like home, Tell me why I fought so long E For this poor man's castle Α Guess we could borrow a little more, I could sell off some guitars And we can lose this hassle Е Α \hat{a} €~Cause I \hat{a} € $|\hat{a}$ €| I don \hat{a} €[™]t need a roof above my head Е Α And I'd sleep…… I'd sleep in the dirt if you hold my hand C#m Wherever we break down and make our stand Е в E Love…. Will be the law of the land Α So let's pack up what we can, And Leave it all to chance Е And hit the road Α Maybe northbound for Montana, or south down to Savannah \mathbf{E} On the coast Α

â€~Cause either way the skies are clear, and we could disappear **E** Without a trace
