**Before You Go**
**Lewis Capaldi**

[Intro] **C**

**C**
I fell by the wayside like everyone else
**Am**
I hate you, I hate you

I hate you but I was just kidding myself
**F**
Our every moment, I start to replace
**G**
 Cause now that they re gone, all

I hear are the words that I needed to say

**C**
When you hurt under the surface
 **Am**
Like troubled water running cold
**F**                                    **G**
Well, time can heal but this won t

**C**              **G**
So, before you go

                      **Am**
Was there something I could ve said

To make your heart beat better?
    **F**
If only I d ve known you had a storm to weather
**C**              **G**
So, before you go

                      **Am**
Was there something I could ve said

To make it all stop hurting?
**F**
It kills me how your mind can make

You feel so worthless
**G**                    **C**
So, before you go

**C**
Was never the right time, whenever you called
**Am**
Went little by little by little until

There was nothing at all
**F**
Our every moment, I start to replay it
**G**
But all I can think about is seeing

That look on your face

**C**
When you hurt under the surface
**Am**
Like troubled water running cold
**F**                           **G**
Well, time can heal but this won t

**C**          **G**
So, before you go
                  **Am**
Was there something I could ve said

To make your heart beat better?
     **F**
If only I d ve known you had a storm to weather
**C**          **G**
So, before you go
                  **Am**
Was there something I could ve said

To make it all stop hurting?
**F**
It kills me how your mind can make

You feel so worthless
**G**              **Am**
So, before you go

             **F**            **G**
Would we be better off by now

                        **Am**
If I d have let my walls come down?
        **F**                **G**
Maybe; I guess we ll never know
   **G**               **C**
You know, you know

**C**          **G**
Before you go
              **Am**
Was there something I could ve said

To make your heart beat better?
**F**
If only I d ve known you had a storm to weather

```
C                    G
So, before you go

                Am
Was there something I could ve said

To make it all stop hurting?
F
It kills me how your mind can make

You feel so worthless
G              C
So, before you go
```
