

Forever

Lewis Capaldi

**Db**  
Caught me off guard, I wish that I d been sober  
**Bbm** **Gb**  
Still, here we are back in Hanover 99  
**Ab**  
Just like old times all over  
**Db**  
Under the exit lights as beautiful as ever  
**Bbm**  
I really wish that I dressed up a little better  
**Gb** **Ab**  
No regrets is what we said, we can t go back again, darling

**Gb** **Ab**  
Nobody said that it would last forever  
**Db** **Fm** **Bbm** **Ab**  
That doesn t mean we didn t try to get there  
**Gb** **Ab** **Ab/Bb** **Ab/C**  
I never said that we would die together  
**Db** **Fm** **Bbm** **Ab**  
That doesn t mean it was a lie, remember  
**Gb** **Ab**  
Nobody said that it would last forever

**Db**  
Head in my hands, cold coffee on the table  
**Bbm**  
Wish you the best, I would if I was able  
**Gb** **Ab**  
Morning light, it stings a little  
**Db**  
Out of my mind, I don t remember calling  
**Bbm**  
Had too much tonic wine, sometimes it does the talking  
**Gb** **Ab**  
Hope you know I wish you all the love you re looking for, darling

**Gb** **Ab**  
Nobody said that it would last forever  
**Db** **Fm** **Bbm** **Ab**  
That doesn t mean we didn t try to get there  
**Gb** **Ab** **Ab/Bb** **Ab/C**  
I never said that we would die together  
**Db** **Fm** **Bbm** **Ab**  
That doesn t mean it was a lie, remember  
**Gb** **Ab**  
Nobody said that it would last forever

**Db**

**Gb Ab**  
I never said that we would die together

**Db Fm Bbm Ab**  
That doesn't mean it was a lie, they'll never

**Gb Ab**  
Take those long summer days

**Db**  
When love was untamed

**Fm Bbm Ab**  
Two burning hearts are dared to break, remember

**Gb Ab**  
Nobody said that it would last forever
